FOREWORD

This analysis contains the names of over 9,100 cities and towns in the Continental United States, Alaska and Hawaii, and identifies their locale by state, county, and Designated Market Area (DMA).

The source for the city names contained in this report is Claritas Inc., a Nielsen Company. Localities with a population of 2,500 or more (based on the 2000 Census) were selected.

There are three Sections to the listing, sequenced alphabetically by:

- I. City Name
- II. State and County
- III. Designated Market Area

Note: In cases where a city extends into two or more counties, only the primary county is listed based on population.

NOTE: For details regarding Designated Market Area (DMA) see Chapter 1, Section B of the Local Reference Supplement.
